As a member of our Chapter, we hope to serve you in many ways. This newsletter, is just one way we are connecting with all of you. Through it, you will start to become familiar with the people and activities that make your Chapter special. Be sure to check out the list of scheduled activities. Bookmark our website

<https://www.asisnorthflorida.com/> where you will find complete information on our programs and activities. If you are a part of the Facebook online community, be sure to become a fan of page or connect with us on LinkedIn!

There are so many ways for you to get involved and stay connected. We are working on a number of opportunities for continuing education, including putting together a study group for certifications. Our recent networking event was a huge success. We had a capacity crowd of security professionals in attendance along with our Senior Regional Vice President, Doug Riggin, who took the time to support our Chapter. Take a look at the photos and you will see that everyone enjoyed the event. If you would like more information about any of these plans or if you have ideas or items you would like to see, please reach out to the board. We want to bring valuable interactions to you, our members.

I personally hope you will make time to come to our next meeting or event whether it is virtual or in-person. The newsletter provides you with opportunities to attend our planned events and to get involved. We always need members to assist with committees and we have some open committee positions listed on page 16 of the newsletter.

Thank you for staying with the organization through these unprecedented times. We have an outstanding and dedicated board and committee chairs who bring hundreds of years of security and law enforcement experience to our group. We are all excited as things begin to open back up for what the future holds for our organization. Please reach out if you have needs, concerns or ideas. We are your Chapter and want to provide relevant and useful things for you.

Thank you for your dedication. I hope to meet more of you as we move forward in the next year, collaborating and supporting each other in our efforts to make people safe.

Regards,
Chet Price

John Walsh, CPP
Director, Hazmat Programs

ASIS North Florida is pleased to introduce John Walsh, CPP and welcome him to the Chapter Board as Legislative Chair

John Walsh started his career in the public sector as a police officer in the New York City Police Department. He served in several assignments in northern Manhattan before being promoted to Sergeant and serving in patrol and special assignment roles in The Bronx. He returned to northern Manhattan as a Lieutenant in a patrol precinct until he was until he was assigned as a team leader in the Internal Affairs Bureau. Walsh spent the last four years of his career as the Executive Officer of the Technical Assistance Response Unit (TARU), a citywide technical and investigative

support unit. He retired after twenty years as a Lieutenant Commander Detective Squad. Walsh vowed to do something unrelated to law enforcement, security, or investigations after retiring, but quickly realized that it was in his blood and his passion for it would not go away. In 2005 Walsh began working at CSX Transportation, Inc. as a fraud investigator in their Internal Audit Department. He transitioned to the CSX Public Safety, Health, and Environment Department in 2008 as a manager in their Infrastructure Protection Team where he was responsible for homeland security, security planning and security training. Walsh was subsequently promoted to Director of Infrastructure Protection and assumed responsibility for the CSX emergency call center. In 2015 the CSX Railroad Police Department was moved under Walsh' responsibility. Walsh accepted an early retirement offer in 2017 as part of a company reorganization.

In 2018 Walsh went to work for Genesee & Wyoming, a short line railroad holding company. As AVP of Safety and Security, Walsh was responsible for all aspects of security for 120 railroads located throughout the United States. The majority of Walsh' time at Genesee & Wyoming was spent developing relationships with local law enforcement agencies. These relationships were crucial in garnering assistance for issues in the field such as homeless encampments, theft, and vandalism. In 2020 Walsh was hired by the Short Line Safety Institute as Director of Hazmat Programs responsible for offering training to short line and regional railroads throughout the United States. The training is focused on federal hazmat regulations which includes security awareness and in-depth security training.

Transitioning into the private sector was a "slow and methodical process", Walsh said. As time went on, he started to recognize more similarities between the public and private sector than differences. *"People are people. If you treat everyone from the boiler room to the board room fairly and with dignity and respect you can accomplish a lot. I've always believed there is a distinction between mistakes of the mind and mistakes of the heart. People with no mal intent sometimes make mistakes that run them afoul of the law or policies."*

John has been an ASIS member since 2010 and earned his CPP in 2017. He has been married for 33 years and is the proud father of three adult children, two in the Jacksonville area and one in Denver, Colorado.

Why Get Certified?

To remain as competitive as possible, you must be certified! The bar continues to be raised in the security profession. Employers want to ensure they are hiring the most knowledgeable practitioners in the business.

Professional certification from ASIS International has the backing and the credibility of the most preeminent professional security society in the world.

Questions? Contact Certification Chair, Amanda Vutsinas, CPP at amanda.vutsinas@bcbsfl.com

Updates for the Florida PI, Security and Safety Industry

Florida covid-19 Executive Orders can be found [here](#).

FDACS regional offices are open and [office safety guidelines](#) have been posted. **All services require an appointment.** Individuals that need to make an appointment may call (850) 245-5300. For all other matters call (850) 245-5691. FDACS continues accepting online and mailed license applications/renewals. For more renewal information see [FDACS.gov](#).

The State of Florida, Department of Agriculture, Division of Licensing's Private Investigation, Recovery, and Security Advisory Council (PIRSAC) meeting was held on 02/12/2021 by teleconference and made available for the public. This council meets at least four times a year to advise the FDACS and make recommendations relative to regulatory concerns of the private investigative, recovery and repossession, and private security industries in Florida. See below for information from this meeting.

- The Director of the Division of Licensing (Stephen Hurm), select staff, Council members and members of the associated industries were in attendance.
- Mr. Hurm stated that all regional offices should be open from 8am to 4:30pm Monday through Friday and some offices may have Saturday appointments available. Offices have been closed due to exigent circumstances and advised consumers to call ahead before attempting to use "drop off" servicing.
- FDACS is receiving 800 to 1000 calls per day. Appointments are currently booked through June. Consumers are advised to make appointments well in advance of the time that they need service.
- Security agencies not issuing company ID cards was the prominent violation during the Superbowl.
- There will be no 493 bill during the current legislative session.
- The Division of Licensing recently amended existing rule 5N-1.113, F.A.C., titled "Disciplinary Guidelines; Aggravating and Mitigating Circumstances; Range of Penalties". The text of the rule is available through this [link](#).

The next meeting for the Private Investigation, Recovery and Security Advisory Council is scheduled for 05/14/2021 at the Hyatt Regency Grand Cypress, Orlando, Florida. For more information contact Stefannie.Corbett@FDACS.gov.

NOTE: FDACS posts an informational newsletter twice a year. The December 2020 edition of "The Licensing Ledger" is available. For more information visit <https://www.fdacs.gov/About-Us/Publications/Licensing-Newsletters>.

Women in the Security Profession (Softcover)

ASIS International Women in the Security Profession: A Practical Guide for Career Development is a resource for women considering a career in security or for those seeking to advance to its highest levels of management. It provides a historical perspective on how women have evolved in the industry as well as providing real-world tips and insights on how they can help shape its future. The comprehensive text helps women navigate their security careers providing information on the educational requirements necessary to secure the wide-ranging positions in today's security field. Women in the Security

Profession describes available development opportunities offering guidance from experienced women professionals who have risen through the ranks of different security sectors. Features career profiles and case studies including interviews with women in the industry providing a deeper dive inside some exciting and rewarding careers in security. Provides a history of women in security and an exploration of both current and expected trends. Offers experienced advice on how to resolve specific biases and issues relating to gender. This book will be of interest to Physical and Information Corporate Security Managers supervisors executives and students of Security Management.

ASIS SUBJECT AREA COMMUNITY Young Professionals

This is an open community for all members interested in security issues related to young professionals. This community aims to serve as the leading resource to educate and develop young careerists by providing a forum to engage and learn from security thought leaders, get involved with ASIS programs and activities, and connect with peers from across the globe. For more info, click [here](#).

Please contact our Emerging/Young Professionals Liaison, Brendan Kamps, PSP at brendan_kamps@hsjtech.com if there is a topic you'd like us to explore.

The ASIS International Mentoring Security Leaders program is a career development methodology whereby ASIS members (Protégés) are matched with experienced ASIS colleagues for guidance and professional advice in order to gain knowledge and experience for dealing with the Protégé's immediate business-level requirements. The Mentor/ Protégé relationship also provides a conduit for comprehension of the requirements for advancement of future career paths within the security field.

Any ASIS member, at any job level may participate in the program. Depending on the experience level of the Protégé within the security industry the Mentoring Program will match up the Protégé and Mentor based on the Protégé's current experience level. This will allow the Mentor to provide guidance and advice at the correct level intended to assist the Protégé at their current experience level for skill improvement, company and industry cultural comprehension, educational foundation expansion and broadening quality performance to encourage future career advancement.

The program is designed to promote long term leadership and career development through a one-on-one Mentor-Protégé relationship. Mentors share their experiences and advice on such topics as career advancement, professional visibility, networking and overcoming barriers to career success.

There is no substitute for experience but surrounding yourself with mentors who have walked the same path is the next best thing.

For more information or to participate in the program as a Mentor or Protégé, contact Mentorship Chair George Frandsen, CPP at george.frandsen@bcbsfl.com

In support of the North Florida Chapter Relaunch, GuideWell/Florida Blue is graciously offering to underwrite Career Development Scholarships to a limited number of chapter members.

Current Certified Members - Build your security knowledge and earn CPEs all year long with a webinar subscription. Includes all 2021 webinars (live and on-demand), plus all 2020 on-demand webinar recordings

Donations in support of Chapter efforts are also gratefully accepted

2021 Region 4C Chapter Goals and Objectives

Membership

- Recruit at least one student to attend chapter meetings
- Seek sponsorship for students interested in joining ASIS
- Increase chapter membership by at least one member
- Encourage membership from all aspects of the Security community to include, Security, Law Enforcement, Intelligence, Military, Education, etc.

Diversity/Inclusion

- Provide support to chapter Women in Security committees and ensure a committee chair is appointed
- Ensure opportunities for chapter leadership are afforded to all members of various ethnic, racial, gender, religious backgrounds so chapter Boards will reflect the Security communities they serve
- Actively encourage, via the chapter's Women in Security coordinator, female participation in chapter meetings and charitable events

Programs

- Request an ASIS Community member to attend and provide a presentation at one chapter meeting
- Establish a robust Young Professionals Program
- Provide significant information and quality presenters at chapter meetings regarding pertinent topics such as Workplace Violence to members and non-members
- Obtain sponsorship for meetings in support of meal funding, venues and/or financial contributions to the chapter treasury
- Based on member interest, establish study sessions for ASIS accreditations

Outreach

- Provide information to area students regarding the Security profession and the advantages of participating in ASIS
- Contact entry level security professionals to explain the advantages of membership in ASIS
- Develop opportunities for media exposure to promote chapter goals
- Seek public/private partnerships within the chapter's area of responsibility
- Contribute to the chapter's community by sponsoring events in conjunction with an area charity
- Consider a chapter donation to the ASIS Foundation should chapter funds be available

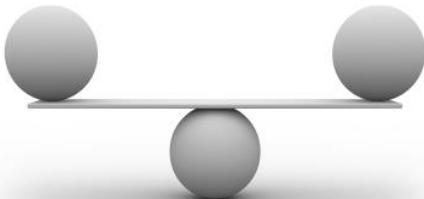

If you are a product or service provider, please be respectful of the membership and the intent of the ASIS organization as a whole. It is to provide educational training and professional development for members and arming them with the most up-to-date information concerning the challenges of today's security environment. It is also to provide members the opportunity to network and interact with colleagues and other security professionals in a local setting. Adhering to a few simple guidelines will ensure that our members become engaged, participate regularly and will find value in what the chapter has to offer.

DO:

- Become involved with the chapter in a role that fits your background and experience
- Attend chapter events on a regular basis
- Network and build beneficial relationships within the chapter
- Treat others with respect

DON'T:

- Pass out business cards in an ad hoc manner. Only handout business cards when one is being mutually exchanged between you and another event attendee
- Send email blasts to the entire membership
- Use chapter events as a sales opportunity
- Share membership lists with non-members
